SHIFTS THE RESPONSIBILITY

Russell Scores The Pen Board About John R's Report

WAS PROMISED IT AUGUST 4TH.

His Letter to Chairman Dockery Says: "Your Report Should Have Been In Before This."

Governor Russell refuses to longer share the responsibility with the ex-superintendent of the penitentiary, John R. Smith, and the board of directors of the state prison for the delay and wilful refusal to make public the report of the prison for the year 1897.

Governor Russell has written a letter to the chairman of the directors of the penitentiary, Mr. Claude Dockery, in which he shifts any responsibility and makes demand that the report be made in compliance with the law. This letter was mailed to Mr. Dockery August 2, 1898.

August 4th Mr. Dockery directed a reply to the Governor. In this letter Mr. Dockery stated that the report was typewritten and that it would certainly be sent His Excellency "inside of two or three days."

The "two or three days" passed August 6, 1898, and still the Governor had not received the report. August 15th has passed, and still the report has not been made to the Governor and there is no assurance that it will be made soon. As Governor Russell says he has been "informed from time to time that the report would soon be in," and this is the only assurance that we have on the subject.

Here is a letter the Governor wrote Mr. Claude Dockery, chairman of the penitentiary board, on August 2, 1898:

"State of North Carolina,
"Executive Department,
"Raleigh August 2nd 1898.

"Claudius Dockery, Esq., Chairman Board of Directors of the State's Prison, Raleigh, N. C.:

"Dear Sir—Chapter 219, entitled 'An Act for the Government of the Penitentiary,' ratified the 3rd day of March, 1897, provides in Section 9—that the Board of Directors shall make an annual report to the Governor, showing the financial condition of the institution by inventory and also the condition and residence of the convicts together with other requirements stated in said section.

"No such report has been received in this office from your Board. I have been informed from time to time that the report would soon be in. It looks like time enough, or more, has passed. I can see how it might require a considerable time for the Board to prepare the report after it received the reports and inventories from the superintendent, and I understand that under former administrations the report has come in several months after the end of the fiscal year, but I must say it seems to me that your report ought to have been in before this. You will please inform me when it will be delivered to the governor's office.

Very truly yours,
"D. L. Russell,
"Governor."

Mr. Dockery made the following reply, two days later, after he returned to Rockingham:

"Rockingham, N. C., Aug. 4, 98.

"Dear Sir:

"Your favor of the 2d inst. to hand. At the last meeting of the directors, a report showing the condition, etc., of the penitentiary, as prescribed by law, was made by ex-Superintendent Smith. It was examined by the board and the clerk was ordered to have it typewritten for transmission to your office. The report is now in the hands of the clerk and ought to be ready by this time. At any rate I am sure it will be received at your office inside of two or three days.

Very truly yours,
"Claudius Dockery,
"Chairman.

"To Governor D. L. Russell, Raleigh, N. C."

At the executive office yesterday Private Secretary Cade was asked if the report had been received by the governor. He replied it had not. Mr. Cade further admitted that he had no idea as to when the report would be received.

On August 7, John R. Smith came "to town" and announced to The Post with great flourish that the report would be furnished this paper that night. When night came John R. told the city editor of this paper to call next day and he would certainly have the mysterious document. The next day came, and John R., when asked for his report, sent the reporter to Logue Harris. Logue told the reporter to chase Claude Dockery, stattery, stating that the evasive report was in the chairman's hands. Dockery denied this and referred the reporter to John R., who again referred the reporter to Logue, and thus the reporter made the grand circuit through these three distinguished citizens. It was a case of hide and seek, and so well was that report shuffled about that the Post never laid eyes on it.

John R. admitted that some "additions" had to be made to the document. The report was kept back with an object. It is now being held back for a purpose. Doctors John R. Smith, Logue Harris and Claude Dockery are working on it They know the people are demanding to see it. They know that it is no condition to go before a scrutinizing public. It has got to be doctored.

Governor Russell has stated that the prison property was not only squandered during John R. Smith's administration, but that stealing was actually carried on. In his annual report for '97 John R. is expected to account for the "squandering and stealing of property," which the governor charges. If the report, when made, is correct and not doctored, and does not show the stealing charged by the governor, then the latter has slandered Smith and should apologize to him.

The people are going to see John R. Smith's report or know the reason why. They are going to find out whether Governor Russell to'd the truth when he said the state's property was being squandered and stolen.

Turn the light on Governor Russell appears to be anxious as any one else to see the report. He has started in to get it. It is in his power to compel its production.—Morning Post.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU, HIGH POINT, N. C., Aug. 16, '98.

The reception tendered our visitors last night in the opera house was an exceedingly pleasant event. About 50 young people were present. Refreshments, games, "chin" and instrumental music, the latter by Professor Peterson's orchestra, were the main features.

The yearly meetings closed last night with a temperance lecture by William G. Hubbard.

C. A. Barbee's fine bird dog died yesterday of dumb rabies, a disease that is almost an epidemic among the canine family.

Harry Edwards was the most unlucky young man in town Sunday. He received some slight bruises in the face while talking to some young ladies. Harry fainted away.

R. K. Harris, of Hickory, who has been in the city for a week placing monuments over several graves in the cemetery, went down to Randleman yesterday to erect some monuments there.

City Engineer W. R. Richardson, of Greensboro, came up last night and returned this morning.

Miss Emma Malone, of Cleveland, O., who has been attending the yearly meeting, left night for Washington.

Mrs. A. V. Sapp and children went to Greensboro last night to visit relatives.

About a dozen people left this morning for Greensboro to join the excursion for Norfolk.

Mrs. R. J. Lindsay and Mr. and Mrs. H. E. Seago went on the excursion from Greensboro to Wilmington yesterday.

Wm. G. Hubbard, one of the prominent ministers of the Yearly Meeting, left this morning for Wilmington, Del., to attend the Yearly Meeting there.

Last week's Enterprise contained a short article headed "A Complaint, from one of the Board of Health," calling the attention of the board of aldermen to the importance of having the sanitary committee look after all water tanks and barrels under drips from houses, factories, etc. In connection with that, we beg to inform the sanitary officer that the croaking of a "natural born croaker" is often heard in the back lots above this office. Whether he roosts on Johnson's board fence, the cross of St. Mary's church, or sits on the bank of a pool of water (as is generally the case) we don't know. The sanitary officer should get his force and run him down.

ONLY FIFTEEN MILLIONS

Required to Pay Off the Cuban Soldiers.

UNITED STATES TO PAY THE BILL

The Result of a Secret Meeting Held Last Night Between American And Cuban Commanders.

By Cable to THE TELEGRAM.

Santiago, Aug. 16.—A secret meeting was held last night between the commanding officers of the American army and Cuban leaders. The strictest secrecy is maintained. The meeting lasted nearly two houre. General Garcia was present and the information obtained is to the effect that the Cuban situation was thoroughly reviewed and a resolution made to dissolve the Cuban army; also that the United States should pay off the men.

This will involve the expenditure of fifteen millions, but it is of the utmost importance to the islands whose wealth is entirely agricultural, to stop the raiding and burning by the insurgents.

MEMBERS OF COMMISSION.

Washington, Aug. 16.—A semi-official list, which was given out this morning, contains the following names for the peace commission: Cuban commission, Generals Wade and Butler and Admiral Sampson. Porto Rico commission, Generals Brooke and Schwan and Admiral Schley.

General Lee was not named in the Cuban commission, as he will be appointed head of the army corps to occupy the island.

PEACE NEWS IN HAVANA.

Havana, Aug. 16.—The reports put into circulation with respect to the progress of the peace negotiations between Spain and the United States have the effect to stimulate orders sent from Europe and other countries by cable to buy Cuba's public stock.

The news that General Blanco had received despatches from M. Jules Cambon, definitely declaring that the peace preliminaries were settled, soon spread with lightning rapidity throughout the city.

A general feeling of relief is evident at the prospect of peace that would put an end to the spilling of blood and the long era of desolation and ruin from which the island has suffered as there is scarcely any family, either Spanish or Cuban which has not felt the terrible depression of the war.

Murder in Hotel Grand.

By Wire to THE TELEGRAM.

New York, Aug. 16—A richly dressed young woman was found murdered in Hotel Grand this morning, her head being crushed to a pulp by a gaspipe. It is the most mysterious crime of the day.

A DESPERATE COMBAT.

Attempt to Arrest a Negro Desperado Results in Two Deaths.

Jackson, Miss., Aug. 15—A dispatch just received from Yazoo City gives an account of a desperate combat between eight deputy sheriffs and a negro ex-convict named Ed. Crandiston, in which two of the deputy sheriffs, Wm. Everetts and Stonestreet, were killed, and another, Wm. Ward seriously injured. The deputies surrounded a cabin in which the negro had taken refuge. He answered their call to surrender with a load of buckshot. After firing several more shots he made his escape. A mob is now in pursuit with a pack of blood-hounds. The negro will undoubtedly be lynched if caught. He is one of the most desperate characters in the state.

GENERAL LEE FOR SENATOR.

He Will Enter The Senatorial Race in Virginia.

Washington, Aug. 15—The Post tomorrow will say:

"General Fitzhugh Lee will enter the senatorial race in Virginia. This announcement can be made without any qualification. It is authorized by General Lee himself, who last night directed the following statement to a representative of the Post.

"Upon being asked the question as to his future intentions and appreciating the interest felt in the matter throughout Virginia, General Lee said:

"I shall be a candidate for the United States Senate."

The German Emperor has devised a new scheme for the encouragement of vocal music in the German empire. It will be put into operation in 1899, and it consists of a singing competition to be held in a different town every year. Cassel has been selected for the first competiton, the chief condition of which is that each choir taking part receive an unpublished musical composition about an hour before the contest takes place. There will be no accompaniment. The kaiser's prize is a valuable jewel, and the president of the winning choir will be allowed to wear it for a year, the name of each singer being engraved upon it.

THE LAST FIGHT AT MANILA

She Wouldn't Surrender And Dewey Went At It.

EIGHT INCH SHELLS DO THE WORK

Various and Sundry Items of News Which May Be Termed Echoes of War and Notes of Peace.

By Cable THE TELEGRAM.

Hong Kong, Aug. 16—The reports of the capitulation of Manila have been confirmed by the German counsel who says that at ten o'clock on Saturday morning Admiral Dewey anvanced on the city with his warships, having previously received a refusal of his demand to surrender.

The flagship Olympia again signalled the city to surrender and the Spaniards still refusing to capitulate the Olympia commenced the bombardment of the forts with eight-inch shells and simultaneously with the bombardment the land forces marched on the city.

The battle lasted about two hours when the white flag was hoisted over the forts which had been almost destroyed. Augusti and his family were taken aboard the German cruiser Kaiser at dusk for Hong Kong.

Admiral Dewey is expected to send a fast cruiser with the news to this port soon.

AWAITING THE NEWS.

Washington, Aug. 16.—The president is profoundly interested in the news coming from Consul Wildman, that Augusti, who arrived on the German cruiser and reported the surrender of Manila. Officials are inclined to credit the report. The President had expected such news and is now anxiously awaiting a message from Admiral Dewey telling of the incidents connected with the fall of the city.

Although not officially admitted many of the administration officials are much concerned over the fall and continued indications of Germany's desire to interfere in the matter of the Philippines. There is some reason to believe that the German cruiser went to Manila for the express purpose of conveying the fleeing Spanish general to Spain.

There are many other reasons for uneasiness, not to say anxiety, on the part of the administration over Germany's attitude. It is believed, however, that Dewey can be depended upon to hold Germany in check.

Convention Dates.

Second Congressional District, Wilson, August 31.

It is the opinion of a great many people in this district that Judge Adams' nomination for judge is not in good faith, and that he will be nominated for congress. We venture the prediction that Judge Adams will continue in the race for the judgship, and that Hon. Thomas Settle will be nominated for congress. That is the plan and it was promulgated at the caucus before the Graham convention last Saturday; that is, the protocol was virtually signed at that time.

Blanco has tendered his resignation because he cannot subscribe to the movements of Spain to secure peace. He speaks of a well trained army eager to win glory on the battlefield. Verily, the man must not have heard from Manila and Santiago. Ramon must be crazy and the Spanish government should lose no time in accepting his resignation. We repeat, it is a great pity that the war should come to a close without giving Fitzhugh Lee a chance to whack the lilustry Blanco.

In Pitt county there are three populist aspirants for the congressional nomination in the first district, Harry Skinner, E. A. Moye and S.V. Laughinghouse. At the convention in Greenville Saturday a resolution was offered instructing the delegates to cast 20 votes for Moye and 11 for Skinner. Mr. Laughinghouse at once jumped to his feet and opposed the resolution on the ground that it completely ignored him. He offered a substitute that the votes be equally divided between the three candidates and his was the only vote recorded in favor of the substitute. From these proceedings it is fair to presume that Mr. Laughinghouse at once became a laughing stock.

The work of the fusionist is gradually working its way toward the western part of the state. It has reached the middle section. On last Saturday the republican convention at Carthage, Moore county, placed a negro on the ticket for county commissioner, one of the most important offices in the county. How will white populists relish having a negro directing the county's finances? The populists are expected to furnish the candidates for clerk and state senate on this same ticket, then the whole "caboodle" will be expected to support the ticket—negro and all. But will they do it? An incompetent ought always to prove a millstone around the neck of any ticket and when the incompetent is a negro it ought to be equal to both the "upper and the nether millstone."

The people will take a look at the records of the penitentiary if they have to wait till next January.

WHY BLANCO RESIGNED.

Opposed to The Government's Policy of Peace.

Havana, Aug 15—Blanco in an extra edition of the Official Gazette today, announced his resignation as Governor General. The announcement is addressed to all inhabitants of the island, and says:

"Inasmuch as the government of his majesty has resolved to arrange peace with the United States, I consider my mission in this country to be at an end and have asked to be relieved. It would be difficult for a man who not long ago urged you to carry on the war to the last extremity to try to turn your minds to an opposite course."

Blanco refers to the time when he took command, as being a critical one for Spain on the island. "Lack of faith and mistrust on the part of some," he says, "and prejudices and errors of others have been insuperable hindrances to the attainment of my hopes, although in spite of difficulties so great, the day was, perhaps not far off that might have seen these hopes realized."

Blanco says prospective success in conquering the rebellion caused the Americans to tear off the mask and declare the most unjust war in the annals of history when they could have reason for gratitude alone toward the nation from which they had at all times received so many proofs of regard and friendship.

Despite the fact that Spain was unprepared for war, Blanco says, "we have carried on the campaign with energy, preserving the island almost entire, and have at our disposal an army exercised in war and eager for glory; an army which has already made the invaders feel the weight of our arms, and at the head of which I had intended to dispute, foot by foot, with them the land that we have defended for long years."

He says it is "our duty" to loyally second the government in its effort to secure peace, but certainly he cannot be the man called upon to carry into execution a policy not to be reconciled with his previous declarations. He closes by recommending calmness and prudence, so necessary to save the legitimate interests of Spain in Cuba, and which might be endangered by a failure to observe discreetness and composure.

The proclamation is signed: "Your Governor General, Ramon Blanco."

WON'T ACCEPT RESIGNATION.

London, August 15.—The Madrid correspondent of the Standard says the government will probably not accept the resignations of Angusti and Blanco. The whole political question in Madrid now is whether Sagasta will have decision and energy enough to postpone the meeting of the Cortes until the treaty of peace is concluded. He is likely to persevere in his difficult task, for now he has the confidence of the crown and a majority of the nation.

The Rev. W. B. Costley, of Stockbridge, Ga., while attending to his pastoral duties at Ellenwood, that state, was attacked by cholera morbus. He says: "By chance I happened to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoe Remedy, and I think it was the means of saving my life. It relieved me at once." For sale by C. E. The Sultan of Turkey has decided to employ hereafter German physicians instead of French. When the German Ambassador presented two German physicians to him recently he invited them to dinner there and then raised one to the civil rank of Oula second class, the other to the rank of Saine-Mutemaz, and then, calling in the imperial tailor, had them uniformed as befitted their new rank.

About one month ago my child which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera, Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stumptown, Gilmer Co., W. Va. For sale by C. E. Holton.

A Kentucky veteran says that the biggest bullies at home do not always make the best soldiers. "When quite a youth I knew a young man of the neighborhood who had the name of being the greatest fighter in all that part of the State, and yet he was a complete failure as a soldier. Upon the other hand, in that same community was a mild-mannered, quiet boy, who couldn't be induced to fight under any circumstances and was under the ban of "coward" among all his acquaintances. That so-called coward made one of the bravest and best soldiers in the Eighth Virginia infantry, a regiment that was composed of as true material as ever went to battle."

The Grandest Remedy

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovesy is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for coughs, colds and consumption. It don't fail. Trial bottles free at C. E. Holton's drug store.

Tumor In the Breast Cured

Six or seven years ago I had a lump so known to come in my breast which made it swell so much that it became so hard I could not make a dent in the breast. It was so painful and caused me to suffer so that some nights I could hardly turn in the bed or rest. Nothing did me any good, and I was very uneasy, not knowing how it would terminate. I used one-half dozen bottles of Mrs. Joe Person's Remedy, without stopping on it, and it made a perfect cure of me. The lump disappeared gradually and I have never had any trouble from it since.

THE WORK OF GHOULS.

A Horrible Story of Sacrilege and Desecration.

Washington, Aug. 15.—The trial by court martial of Captain L. C. Duncan, of the Twenty-second Kansas regiment, charged with desecrating Confederate graves in Virginia, was resumed at Thoroughfare Gap to-day. The most important witness was Captain George E. Ross, Co. I, Twenty-Second regiment, Kansas, who, on hearing the report of grave digging, investigated the matter. When he reached the scene and asked for an officer he said Duncan stepped out and made a remark to the effect that he was conducting a medical research and wanted to ascertain what the men in the graves had died from. In reply to his questions, the soldiers standing around stated that they were digging up rebels. Witness was indignant at what he saw and took prompt measures to report to headquarters. On cross examination he said that there were about a dozen men in all, some of whom were non-commissioned officers. He did not see Duncan handle any bones or clothes.

Sergeant J. M. Southerd, of the Twenty-second Kansas, saw a party of men opening graves. He identified a button he obtained from Private Wise, of the Twenty-second, who he believed got it from one of the graves. He saw the jaw bone of the occupant of a grave, and also some buttons and parts of epaulets. A sergeant of Co. H, Third New York regiment, identified Duncan as the officer who, with a party of men, was seen digging in a mound of earth. The men were from the Third New York and a Missouri and a Kansas regiment. The prospects are that the case will continue for the remainder of the week.

The Birth of the Prince.

Paris was in an uproar. The whole city was as if insane. Church bells rang joyful peals, great guns fired equally joyful salvos, happy announcements were posted up at every point of vantage, and excited crowds besieged every entrance and avenue to the palace in a perfect delirium of joy.

Now, after many years, I find it difficult to understand—or indeed almost to realize—that many of those then shouting so enthusiastically for joy are the same people who lately yelled with savage fury: "A bas l'empire! A bas l'imperatrice!"

Equally mad was the enthusiasm, equally mad the delight, when the prince imperial was baptized, and equally mad were the howls of fury against the whole imperial family when the sad news came of the reverse the imperial army had suffered when battle after battle had been lost.

Some of the noblest, the most generous, the most self devoted men I have ever known in the course of a somewhat long life I have found among Frenchmen—men quite worthy to be classed among the grandest heroes of antiquity. But there is a reverse side to the medal, and when the tigerish nature of the excitable Frenchman is roused he is capable of a savage cruelty very near akin to that of the wild beast to which he has been compared.—Cornhill Magazine.

Satan as a Landlord.

There is only one spot on the earth's surface that has actually been willed, deeded and bequeathed to his satanic majesty. This spot lies 4½ miles south of Helsingfors, Finland.

A few years ago Lara Huilariene died in the little town of Pielisjarvi, in the above named country, leaving considerable property in the shape of landed estate. How he had come into possession of so much land no one seemed to know, but as he was a very bad citizen it was generally admitted that he was in league with wintahausu (satan) and that they had many business deals with each other.

This somewhat startling opinion was verified when old Huilariene found a certified warranty deed which deeded to satan all his earthly possessions.

The will was to the same effect. The family have repeatedly tried to break the will, but so far, has been unsuccessful. Thus the records plainly show that his sulphuric majesty has a legal right and title to some excellent grounds in the near vicinity of Helsingfors.

The simple people of the neighborhood have changed the course of the road which formerly skirted the Huilariene homestead and declare that they would not enter the possessions of Satan & Co. for all the money that the three estates would bring.—Pearson's Weekly.

Difficult to Inflict Pain.

The doctor smoked slowly on his cigar. It was plain that he had something to say.

"I was thinking of my early college days," he said, "and of a peculiar incident that happened very soon after I began my studies. The professor was instructing the class one day on the corpuscles of the blood. In order to get some fresh blood for microscopical examination, each student was ordered to tie a rag around his forefinger and strike the top of the finger suddenly with a needle with sufficient force to draw blood. Seems easy, doesn't it? Do you know there wasn't a man in the class that did it at the first attempt. It was funny to watch some of those embryo surgeons poise the needle with a determined air and launch it to within a hair space of the flesh and there stop dead. Others tried to force the needle in slowly, but paused very shortly, with an expression of pain commensurate to that of an amputation. I myself gave it up as a bad job, and hacked a cavity in my thumb with a penknife, and found it easier.

"The fact that we were very young and inexperienced is no explanation for this peculiarity, as I have since found by personal test. Almost everybody exhibited the same repugnance to inflicting pain in that manner. Try it yourself."

The other man tried and succeeded on the fourth trial.—New York Sun.

Art of Making a Mustard Plaster.

To put on a mustard plaster is not at all difficult, but to do it in the best way requires some care and skill. In the first place, remember never to give a cold mustard plaster to a patient. To a weak or sensitive person the shock is often great. Either mix with very hot water, or, better still, have a plate put where it can get warm while you are mixing. Having everything ready at hand, mustard, flour and a spoonful of molasses, with a bit of old muslin or linen—an old handkerchief is the best thing for the purpose. Stir the mustard and flour together first, making the plaster stronger or weaker with mustard as you have been directed. Add the molasses and then the water until the smooth mass is about as thick as porridge or poultice. Spread your cloth on the warm plate, using the middle portion of the linen and leaving a margin on all sides, which is to be folded back at the edges. Put a second cloth over the whole, so that the mustard is entirely hid between the two covers and keep on the plate until it is necessary to apply the plaster.—Philadelphia Ledger.

Cupid's Concessions.

"Now, Cupid," cried Miss Summergirl,
"We start in half a minute—
Why don't you pack your quiver, dear?
I see but two darts in it.

"Because," said Cup'd, sturdily,
"For love and pity's sake,
Those arrows are the only ones
I calculate to take.

"To please you I have always sent
A cruel little dart
At every man who came in sight
Who seemed to have a heart.

"But when we're out of town this year,
My darts shall number two—
And shall be for some true man,
And one shall be for you!"

"Oh, dear!" exclaimed Miss Summergirl,
"You're spoiling all my fun!
I'd rather never flirt at all
Than flirt with only one!

"Please take some blunt ones that will strike
A heart but not go through it!"
"Oh, well" said Cupid, "as it's you,
I s'pose I'll have to do it!"
—Exchange.
